Legendary Performance and Style

Lasting SIMPLICITY

The most straightforward product line from KP, Hudson Bay vinyl siding is made with the same premium vinyl compounds and manufactured with the same commitment to quality as all other KP products.

Hudson Bay simply looks and feels like real wood. But it doesn't require the constant repairing, scraping and staining of wood. And with the durability of vinyl, you can admire its beauty season after season. It's that simple.

A Wide Spectrum of COLOR

When you begin to pair these beautiful colors with Trim, Soffit and the accessories available from KP Building Products, a style truly your own will emerge.

Substantial FEATURES and BENEFITS

Hudson Bay brings solid peace of mind with it. Its careful design and manufacturing is sure to give you the best performance possible. Take a look below and see what we mean.

- **Cyclone System™ Nail Hem**
Our strong nail hem provides rigidity and wind resistance up to 161 mph.
- **Ultra-Vinyl™ UV Technology**
Premium vinyl compounds and UV inhibitors are used to protect against sun damage and fading.
- **Self-aligning Locking System**
Our panels snap together with ease while allowing for flexibility in positioning during installation.
- **.040" Panel Thickness**
Where our competitors cut corners, we deliver optimal thickness for impact resistance and strength.
- **Low Gloss Rough Cedar Texture**
To the eye and to the fingertips, our cedar wood texture is as close to real wood as you can get.
