Maxim[®] Board & Batten
A modern twist on tradition.

TrimFX[®] Decorative Vinyl Trims

Perfection Shingles

Soffits

Aluminium Trims & Accessories

Now in Easy-Care Exteriors

A modern twist on tradition.

Make your home a true showcase of the neighborhood. Perfect to use for all-over coverage or to highlight those second-story gables, that focal bay window, the grand front entrance, or any other prominent feature. The low-gloss, rough cedar texture creates a surface so real, it feels like it could give you splinters. Adding this much visual interest will make your home stand out and admired from everyone who passes.

Premium Thickness

Manufactured to a premium thickness for outstanding impact resistance and strength.

Full 3/4" Profile with Classic Craftsmanship

A full 3/4" profile provides dramatic shadows and the authentic look of a true board and batten siding.

Chromalock™

Chromalock™ technology combines premium vinyl compounds and UV inhibitors to combat the sun's harsh rays.

Armor for your home

Our dark colors are manufactured with SpectraShield™ thermal diffusion agents that protect vinyl siding against distortion caused by heat from the sun.

Ecologically Designed

Contributes less to global warming than other cladding options. Vinyl siding is the most economical and ecological option on market.

We Have you Covered

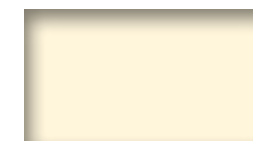

Limited lifetime warranty.
